HOBBIES

CURRENT

Books and Cinema

I have a passion for reading books and watching movies.

My favourite movie is Interstellar. The movie is directed by Cristopher Nolan(one of the best movies director of all time) and presents the idea of time travel in space. It's a complex movie but I recommend it to everybody that wants to see something with a beautiful story and visuals.

I love reading books aswell, especially comic books. I like what Stan Lee and Marvel created and my favourite superhero is Dr. Strange.
